It is important that if ANY are found or if in doubt to treat anyway. The eradicate this problem at our school EVERYONE needs to be proactive with checking & treatment. Treatment needs to continue for at least 6 weeks. **Remember ALL members of the family need to be treated.** For helpful instructions to treat headlice, please visit the Health NSW at this link: <https://www.health.nsw.gov.au/environment/headlice/Pages/treatment.aspx>

POSITIVE BEHAVIOUR FOR LEARNING

Every two weeks, classes have PBL lessons with a focus on a specific area of the school. For each area that is addressed, there is a specific focus on expectations that lead to students displaying the three core values, safe, respect and responsible. In weeks 3 and 4 our focus will be how we access our school hall.

DOUBLE DELIGHT FOR ACTIVE KIDS

Thanks to the Active Kids vouchers local kids are keeping active while their parents are keeping the cash.

I am so pleased to advise that from 01 July 2019 each school-enrolled child will now be able to access two \$100 Active Kids vouchers per year.

The money will help you pay registration costs for sport and recreation, so that your kid(s) can participate and stay active all year-round.

Families across the region keep telling me how much the Active Kids Vouchers help them manage the cost of living. Now with two Active Kids \$100 vouchers per school enrolled child, you can keep even more money in your back pocket while your kid(s) stay happy and healthy.

Since the Active Kids program was launched in 2018, more than one million vouchers have been redeemed and more than \$100 million saved by NSW families.

It is a big win for NSW when more kids can participate in sport because of the Government's drive to take down the barriers to expensive registration costs.

Whether it is soccer, scouts, AFL, rugby, netball, golf or volleyball, you're sure to find an activity your kid(s) will love. Active Kids really is making a difference to children's participation in sport and active recreation in NSW.

From January – June there was an overall increase of 13 per cent in the number of Active Kids' vouchers created, including a 17 per cent rise in vouchers created for girls following an influx of registrations for dance, gymnastics, tennis and swimming Active Kids providers.

These are incredible results and demonstrate why the NSW Government is investing an additional \$40 million this year to expand the Active Kids program."

From 01 July, parents of school-enrolled children can access a second \$100 Active Kids voucher to use towards registration and membership fees for sport and active recreation each year. For further information visit sport.nsw.gov.au/activekids or call 13 13 02.
