### Term 3 Week 9 2021

Dear Parents & Carers,

Thank you everyone for another fabulous week of home learning. This week we are shouting out to all our non teaching staff for SASS Recognition Week and thanking them for all their contributions to the running of our school. We are fortunate enough to have a dedicated family of SASS staff who support and contribute to the learning outcomes in so many ways to our students. Our school would not be where it is without those wonderful people! Happy SASS Recognition Week!

As the warmer weather begins to shine, please be vigilant in your movements and continue to follow our health guidelines while we continue to fight the COVID-19 battle. We see light at the end of the tunnel, however we need to continue being strict with our movements, staying at home where possible, learning from home where there is supervision and only leaving the home for essential purposes. As we are setting up for the last week of Term 3 next week leading into the holiday break, please make sure you contact the school if you have yet to secure a device or need any assistance with the home learning process.

Have a great weekend and soak up some of that vitamin D!

## STAY CONNECTED

### Downloading the Skool Loop app - a step by step guide

Once you have downloaded the Skool Loop App, via either your Google Play or App store, please follow the below instructions to select your school -

- Open the Skool Loop App - you will land on a welcome page.
- Click the 'Select your schools' this will bring you to a menu you can either search your school or follow the country/region prompts.
- Once you reach your school, select it with the tick on the righthand side.
- Tap the 'select schools' button in the top right corner.
- Tap the big orange choose button. This will load your school and bring you to the settings page.
- Subscribe to the groups that are relevant to you, then click the 'go back' button on your phone, which will bring you to the main screen of your schools app.

**Our School App**

**Simple free download:**  
In Google play & App Store search 'Skool Loop' & choose our school once installed.

## KPS GARDEN NEWS

Action in the garden today included- preparing 'Mad Hatters Tea Party' for stage 3's return, edging the wild lands of Dino Alley - observing ants on clean up duty, admiring self sown cornflowers & the lavender loving this warmer weather.

Can't wait to see everyone in the not too distant future !

## EDUCATION WEEK COMPETITION WINNERS

We are excited to announce the winners of our Education Week competition. Congratulations to the following students:

Edi Williams - KD  
Christian Gulevski - 1G  
Brody Martiska - 2H  
Tilly Martiska - 5/6R

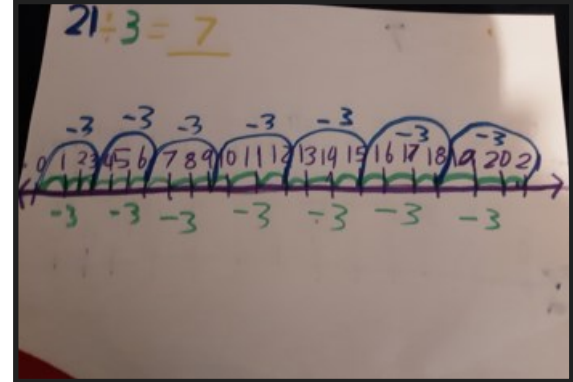

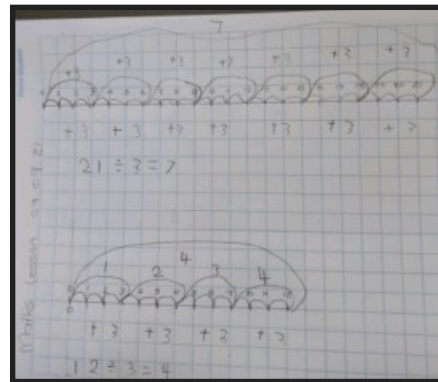

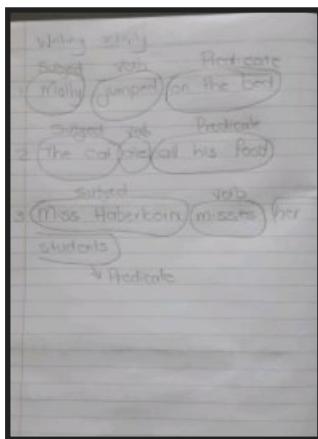

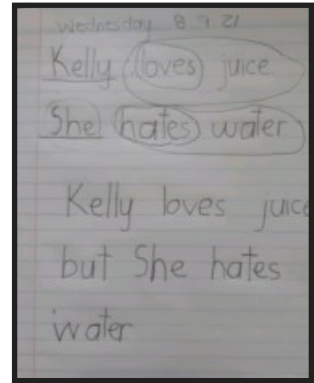

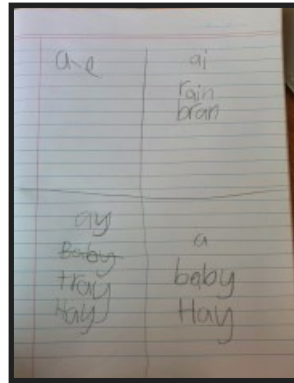

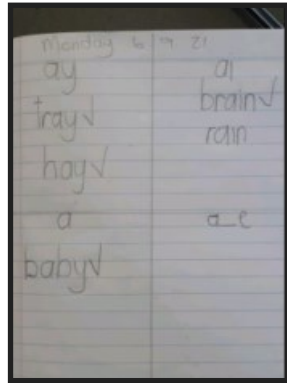

They will each receive a \$50 voucher for our virtual book fair.

## VIRTUAL BOOK WEEK PARADE

Next week is our Book Week Parade, please send through your pictures of your children dressed up for our virtual book parade. We will also be promoting our Book Fair where you will be able to view all the titles and place orders. Further information on how to make the book purchases will be communicated through Class DoJo

## 2H

We've sure been busy in 2H. In week 8, we have been learning how to use **repeated subtraction to solve division equations** (Maths), We have been learning **how to read and spell words containing the /ay/ phoneme**. We have been practising **reading and spelling our camera words outside in the sun**. In craft, we made book marks and some students even made dream boards by using pictures from old magazine as a bonus crafter-noon activity.

## 1G

This week students in 1G participated in a Monster Bookmark activity for Library Craft.

This is Christian's creation.

# PRESCHOOL

Despite our learning from home barriers, with out a doubt we continue to offer a solid program of excellence for all our students including our youngest students, our Preschool. A fabulous effort on the home front to maintain access to the home learning program for those students who are engaged and continue to build their early literacy and numeracy skills through play based learning. Our program is an extension into a multitude of pre requisites supporting learning intentions through science, technology, engineering and creative arts to complement early literacy and numeracy skills. Well done to all those students who have participated or produced excellent samples of their learning and those adults at home connecting their children to the learning platform.
