Class News: Bisque

This term Bisque has been having a deep dive into Caves and the different adventures that are possible in caves.

All the information that has been studied is being used to create our very own Cave Adventure Story.

The class studied the history of cave art, with some of the students creating some modern style cave art pieces.

The students have also been involved in other amazing programs including music, spelling mastery and sport. Where they have been participating in a range of lessons to build their skills and confidence.
